A Z O M PENCIL

Please read this guide carefully before
using the smart pen

How it Works

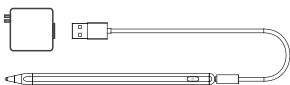

Click the button to turn ON

Click the button again to turn OFF.

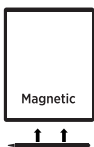

How to Charge

Connect the USB to DC cable with a USB adapter.

Wide Compatibility

The pencil works with all the capacitive screen devices, IOS, Android and Windows systems devices.

Magnetic function is available on ipad pro 11-inch and 12.9-inch (3rd/4th generation).

iOS

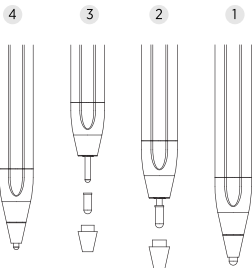

Android

Windows

How to Exchange Point Tip

Take off the POM Tips as the photo (1-2-3-4).

Note:

This Pom Fine Point Tip works on 80% of the screens with a glass protector or without, if it didn't work properly, we suggest to take off the POM tip, and choose the Metal Tip to write with.
